

US AMATEUR RADIO BAND PLAN

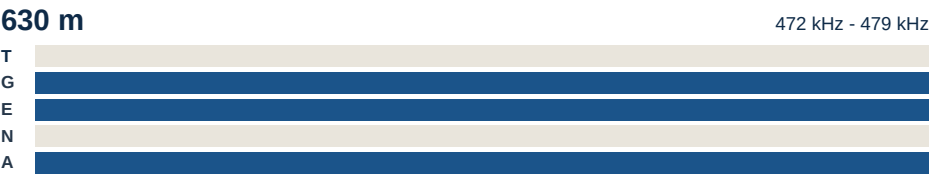

Desert Radio Labs | 2200 m to 23 cm | Checked 2026-10-16

Standard US Region 2 privileges. Geographic exceptions and detailed restrictions: see companion handbook.

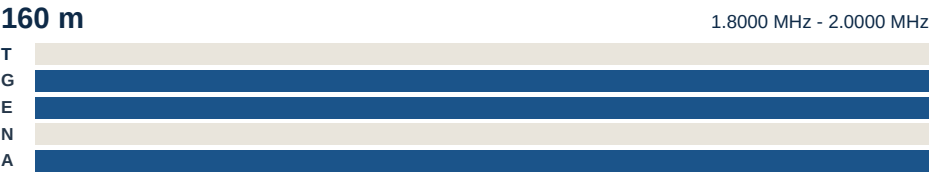

CW CW / Data CW / Phone Mixed Special

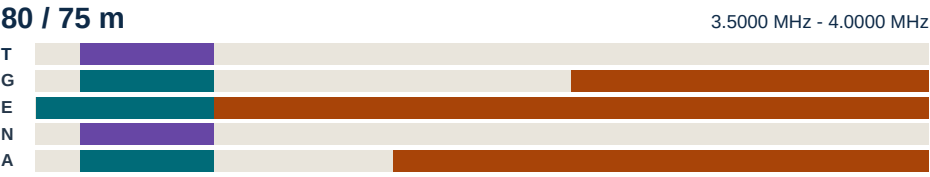

See handbook for operating references and band conditions.
Gray: no privileges. Full signal must stay within authorized limits.

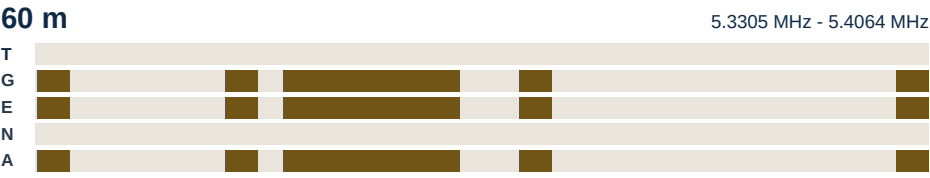

See handbook for operating references and band conditions.
Gray: no privileges. Full signal must stay within authorized limits.

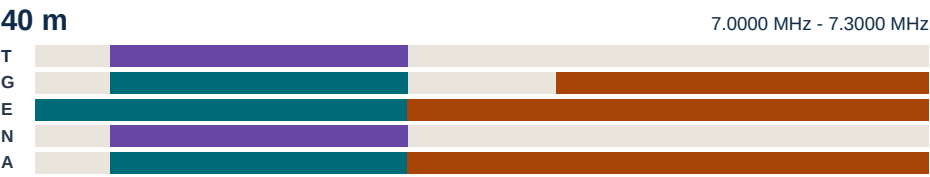

JTTY 1.8390 MHz | FT8 1.8400 MHz
JTTY provisional; all digital entries USB dial.

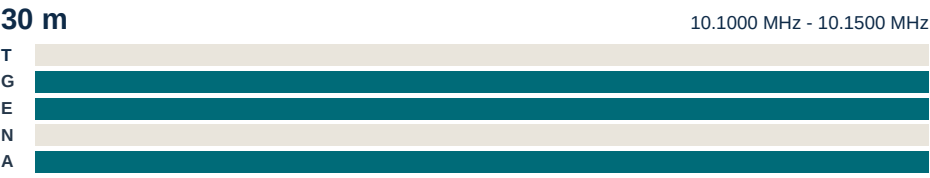

JTTY 3.5720 MHz | FT8 3.5730 MHz | FT4 3.5750 MHz
JTTY provisional; all digital entries USB dial.

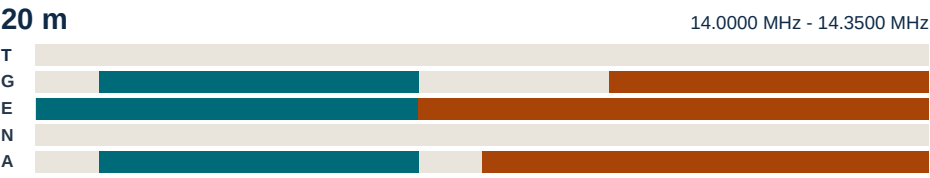

FT4 5.3570 MHz | FT8 5.3570 MHz
Gray: no privileges. Full signal must stay within authorized limits.

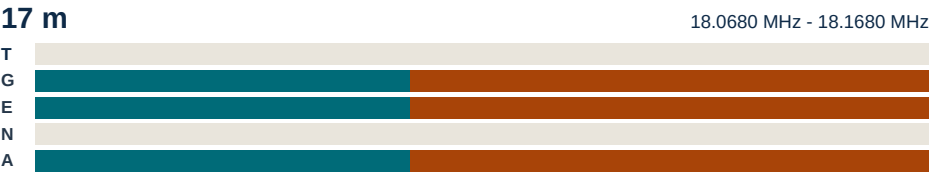

FT4 7.0475 MHz | FT8 7.0740 MHz | JTTY 7.0780 MHz
JTTY provisional; all digital entries USB dial.

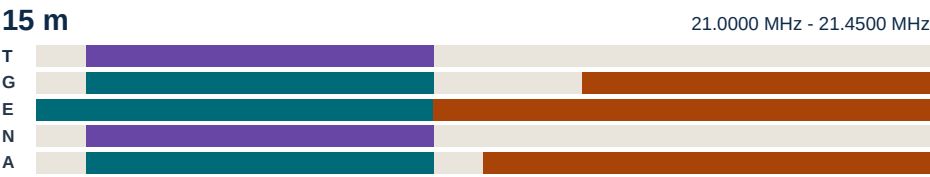

FT8 10.1360 MHz | FT4 10.1400 MHz | JTTY 10.1400 MHz
JTTY provisional; all digital entries USB dial.

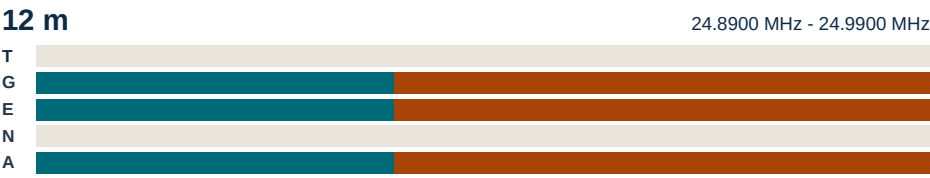

FT8 14.0740 MHz | FT4 14.0800 MHz | JTTY 14.0900 MHz
JTTY provisional; all digital entries USB dial.

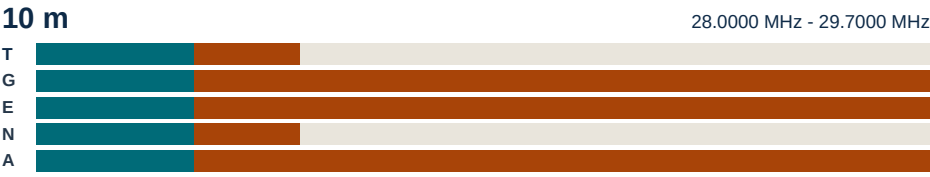

FT8 18.1000 MHz | FT4 18.1040 MHz | JTTY 18.1040 MHz
JTTY provisional; all digital entries USB dial.

FT8 21.0740 MHz | JTTY 21.0900 MHz | FT4 21.1400 MHz
JTTY provisional; all digital entries USB dial.

FT8 24.9150 MHz | FT4 24.9190 MHz | JTTY 24.9200 MHz
JTTY provisional; all digital entries USB dial.

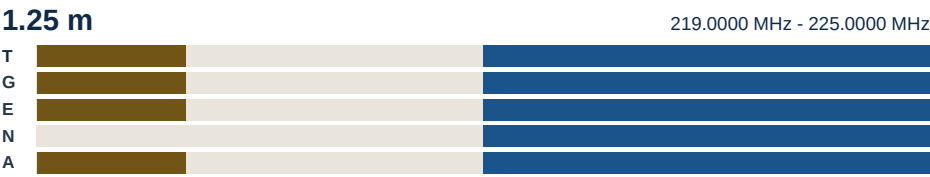

FT8 28.0740 MHz | JTTY 28.0900 MHz | FT4 28.1800 MHz
JTTY provisional; all digital entries USB dial.

JTTY 50.1600 MHz | FT8 50.3130 MHz | FT4 50.3180 MHz
JTTY provisional; all digital entries USB dial.

JTTY 144.1600 MHz | FT4 144.1700 MHz | FT8 144.1740 MHz
JTTY provisional; all digital entries USB dial.

FT8 222.1740 MHz
Gray: no privileges. Full signal must stay within authorized limits.

FT8 432.1740 MHz
Gray: no privileges. Full signal must stay within authorized limits.

See handbook for operating references and band conditions.
Gray: no privileges. Full signal must stay within authorized limits.

FT8 1296.1740 MHz
Gray: no privileges. Full signal must stay within authorized limits.

T Technician | G General | E Extra | N Novice | A Advanced. CW included throughout your authorized segments.
Colors summarize emissions, not exclusive reservations. Exact segment boundaries are in the handbook and interactive tool.
Tech/Novice HF: CW only on 80/40/15m, 200 W PEP; 10m data 28.0-28.3 and SSB 28.3-28.5, 200 W PEP.
60m: four channels 100 W ERP; 5351.5-5366.5 kHz 9.15 W ERP; max 2.8 kHz. LF/MF: UTC notification, fixed stations, EIRP limits.
30m: 200 W PEP, no phone/image. 219-220: fixed digital forwarding only. 70/33/23cm: sharing and geographic restrictions.
Sources: FCC 47 CFR Part 97; WSJT-X defaults (JTTY provisional); ARRL voluntary plans. Use minimum power; RF exposure rules apply.
